BE A LIBRARY ADVOCATE in 2021!!!

There are **three ways** you can be a part of advocacy efforts aimed at increasing legislative support for all our libraries and library systems:

**First, Attend Local Meetings with Your State Representatives**

Yes, that's right, only the visits are going virtual this year!!

If you are unable to join us for **New York Library Advocacy Day (February 26, 2021)**, you also have a chance to meet (virtually this year!) with local representatives when WNYLRC schedules "district" visits.

Most will take place January through March. Updates will be posted here for specific dates and times of these visits - and Zoom invites will be sent shortly before each meeting. You are welcome and encouraged to attend and bring your own special concerns to be addressed.

**PLEASE register below** if you will be attending any of the visits so we can add your name to the list and send you the Zoom login!

Second, Write A Letter! Post a Message!

Communicate by letter or social media!

Setting up a space in an area of the library with a box of writing materials (pens, pencils, paper, envelopes, etc.) and instructions for your visitors encouraging them to write letters to their representatives supporting State Library Aid in the 2021 budget may not be a good alternative this year.

However, legislators have informed us that handwritten letters -- *not* phone calls or emails -- are often the most effective way for constituents to communicate their needs. Personal stories or anecdotes from visitors in support of your library help legislators understand the effect libraries have on their communities.

Use your social media spaces to communicate with patrons, asking for their help in contacting government representatives to urge them to support funding libraries in 2021! Ask your followers to write letters - or even use their own social media to get the message out there! WNYLRC will be sure to retweet, repost any messaging we see (or you can let us know if we miss it) to help get the word out.
