

Diversity in Collections Development Grant

Offered by: WNYLRC High School to College Committee

Grant Details

Purpose

In an effort to address the diverse needs of students, the importance of representation in library collections, and budget restrictions, the Western New York Library Resources Council's High School to College Committee is proud to offer the Diverse Collection Development Grant.

Eligibility and Process

This grant will be available to K-12 school libraries that are a member of one of the five school library systems that are members of WNYLRC (City of Buffalo, Erie 1, Erie 2, Orleans-Niagara-Genesee and Cattaraugus-Allegany). Applicants will submit required materials, including a statement of need and title list described below, via Google form.

The committee will not provide a required title list as each libraries' needs are different. However, resources for identifying possible titles based on student, faculty, curricular, and community needs are listed below.

After careful consideration by the WNYLRC High School to College Committee, grants of up to \$500 will be used for diverse collection development. Successful applicants will receive a check matching the total purchase amount not to exceed \$500.00. Adjustments within the amount of the grant (not to exceed \$500) due to vendor pricing changes will be accepted. The full amount

of the grant must be directly used to purchase in the K-12 library. As an additional requirement of the grant, the physical materials purchased must be sharable via Interlibrary Loan (ILL).

Application Requirements

Available to K-12 School Libraries that are a member of one of the five school library systems that are members of WNYLRC (City of Buffalo, Erie 1, Erie 2, Orleans-Niagara-Genesee and Cattaraugus-Allegany).

Statement of Need

Please describe and demonstrate your library's need to improve diversity in your collection.

Areas to address may include some of the following:

- What gaps are there in your collection related to diversity, equity, inclusion and accessibility that have been requested by students and faculty?
- What would be the impact of new materials on students and student organizations?
- What curricular, class or assignment changes have helped you identify your need?
- How has your student demographic changed and how has that impacted your need for collection development to better serve these students?
- How will these materials be incorporated into new/existing classes or curricula?

- How will these materials drive library instruction, outreach, events, etc.?
- What promotional work do you plan to do with these materials?

In submission of your statement of need, any one of a variety of multimodal formats is acceptable. This may include, but is not limited to:

- Written text, no more than 500 words
- Video, no more than 5 minutes
- Infographic

Title List

A list of core titles that would support the need identified representing an approximate cost of no more than \$500. The resources below may be consulted to support development of an appropriate title list.
